**Port Angeles School District Completes Final Round of Installations of
the
Fast Alert® Incident Warning and Management System at All Remaining
Sites**

PORT ANGELES, WA—August, 2008—Incident Alert Systems (IAS) of Port Angeles, Washington announces the final round of installations of Fast Alert® incident management and security system by the Port Angeles School District of Washington State. Fast Alert was previously operating at Fairview Elementary, Roosevelt Middle School, Stevens Middle School, Port Angeles High School, the North Olympic Peninsula Skills Center (NOPSC) and Lincoln High School. The remaining four elementary schools of Port Angeles School District - Franklin Elementary School, Hamilton Elementary School, Jefferson Elementary School and Dry Creek Elementary School are the latest recipients; completing installation of the Fast Alert system throughout the entire school district.

“We feel privileged to have the opportunity to serve our local school district, because we all know that preparedness is instrumental in saving lives during any critical incident” states Tom Reyes, President of Incident Alert Systems. “Though the school year has only just begun, the district is already performing evacuation and shelter-in-place drills using Fast Alert incident management and security system to ensure preparedness for any eventuality.”

Fast Alert® is a computer-enabled, incident warning and management system that can be installed in many configurations at a very low cost. The system is designed to leverage existing data networks and integrate with existing intercom systems or added

amplified speakers. It can be activated by cell phone, PDA, tablet computer, laptop or desktop computer for direct and immediate communication between teachers, staff and first responders during emergency situations, providing warning of imminent or in-progress life threatening events. Fast Alert has been awarded a US patent and International patents are pending.

About Incident Alert Systems

Founded in 2004, Incident Alert Systems strives for the goal of preserving human life and providing a safe and healthy learning environment for children and educators. IAS works closely with agencies such as the Washington State School Safety Advisory Committee and the Washington Association of Sheriffs and Police Chief's to ensure that all products meet the needs of those professionals who would be directly responsible for managing critical incidents. For more information about IAS and Fast Alert®, please call (360) 452-4502 or visit the web site at www.iasglobal.org
